## M-835

### **SALTER, the evolution of a leader.**

With more than 50 years experience in sport and health areas, SALTER has been constantly adapting itself to the needs and demands of the market. With more than 15.000 m<sup>2</sup> premises, the production centre is located in Spain, where all the processes of research and development, engineering and manufacturing, permit to guarantee the maximum quality and offer a prompt after-sale service, highly appreciated by our clients.

Trust in Professionalism; Trust in SALTER.

### **M-835 RUN by SALTER,** a treadmill which

includes exceptional features, large display, shock absorber automatic system and up-dated technologies.

**M-835 RUN** incorporates an intelligent shock-absorber system which permits to regulate the hardness of the band base to the user's weight. The adjustment can be made manually or automatically depending on the sternness of the impact, the appropriate suspension will be chosen to prevent injuries and overloading.

**Large display,** which facilitates a quick and easy access to workout information. It also incorporates MP3 and CD connectors, speakers and volume control, 3 level fan settings (from breeze to strong wind) and quick-access speed and elevation buttons.
