### ALL THE ESSENTIALS

Freemotion's most affordable line of cardio equipment, the 8 Series features simplified consoles packed with all the essentials for a great workout – while also possessing the potential to provide a uniquely immersive one. Users that want to mix up their cardio workout can sync their smart device to access thousands of trainer-led exercises with world-renowned coaches that remotely auto-adjust the incline, speed, and/or resistance.

## ENGAGING CARDIO EXPERIENCE

Integrated, interactive, and engaging, this iFit-enabled equipment gives users the opportunity to leverage their smart device to unlock the full potential of these powerful machines.

## THOUSANDS OF COACH-LED WORKOUTS

Access an expansive library of in-studio and global workouts led by expert fitness coaches from around the world. Sync a smart device to the machine, select an engaging and motivational training, and allow your coach to remotely adjust the incline, decline, speed, and/or resistance to mirror the on-screen content – creating an immersive and engaging training experience.

## TREADMILL

Reaching 12 mph / 20 km/h with an incline up to 15%, this versatile, sprint interval treadmill opens up new possibilities and is ideal for the active aging population and new users.

## ELLIPTICAL

Low impact, all adventure. The e8.9b Elliptical comes with a simplified console that can be upgraded with the addition of a smart device. The elliptical's foot placement makes the run, walk, or ski easier on the knees, joints, and back.

## RECUMBENT BIKE

This back-friendly cardio solution features an accessible Step-Thru design to welcome exercisers of all ages and abilities, regardless of whether they want to simply get on and begin cycling or sync their phones for an engaging and immersive workout experience.

## UPRIGHT BIKE

Featuring an Overmolded Quick Adjust Seat and an accessible Step-Thru design, the u8.9b Upright Bike is the consistent cycling solution. Whether your member wants to ride on your cardio floor or in one of 40+ countries – simply by syncing their smart device – the Upright has them covered.
