

REAL MOTION

THE FUNCTIONAL COMPANY

LOOKBOOK

We create training spaces

Founded in 2005, Real Motion operates at the intersection of fitness, health, and performance. The company delivers a comprehensive range of services that span the distribution and trade of premium fitness equipment across Greece, Romania, Bulgaria and Cyprus, as well as the design, construction, and management of gyms, fitness clubs, and sports centers.

In parallel, Real Motion provides consulting services in organization, operational management, and executive education, supporting professionals and organizations within the exercise and wellness industry to grow sustainably and strategically.

Shaping the future of wellness in the heart of Athens.

Designing the next landmark of urban wellbeing

This private members club in central Athens is conceived as a contemporary sanctuary for culture, movement, and social connection. Designed to the highest architectural and experiential standards, it blends refined hospitality with wellness, work, and leisure into a single, cohesive environment.

The club features curated fitness and movement spaces, including Pilates and performance training, alongside spa and recovery facilities, dining, and elegant social areas. Every element is intentionally designed to support longevity, discretion, and daily ritual, attracting a community of local and international members who value quality, privacy, and meaningful experiences.

Positioned as a new benchmark for urban members clubs in the region, it represents a shift away from traditional gyms or social clubs toward a fully integrated lifestyle ecosystem where wellness, culture, and community are inseparable.

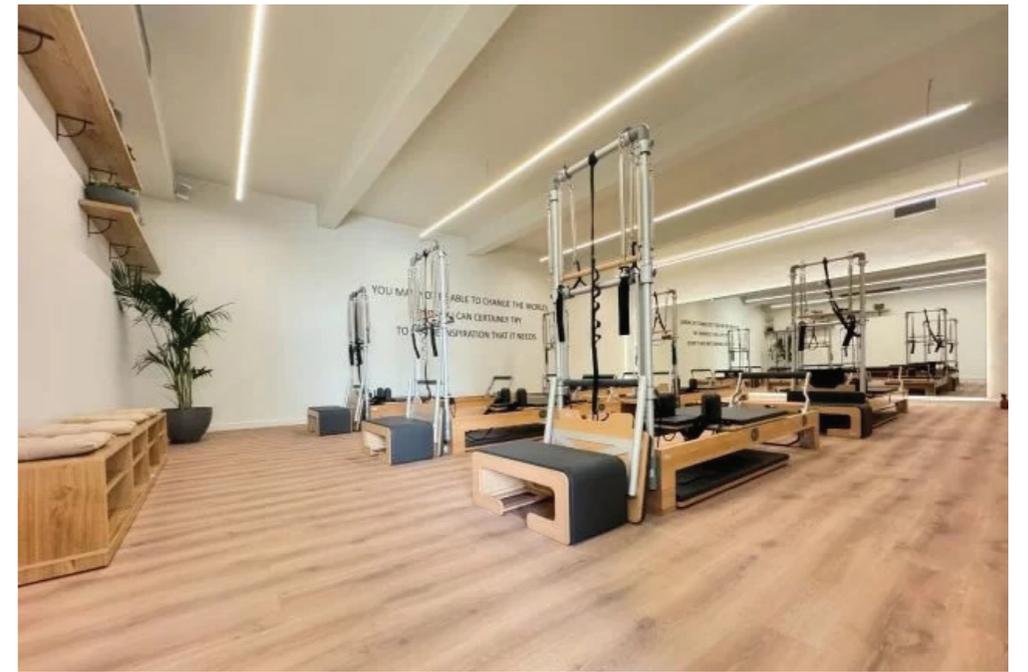

NEED FOR FITNESS 2

Location | Leaf. Mesogeion 253 Neo Psichiko, 154 51

Traning type | Functional, Strength, Pilates, Spin Room, Cardio

Brands | Freemotion Fitness, BASI Systems, Stages Cycling, Salter Fitness, O'live Fitness

Need for Speed is a fully equipped and motivating space dedicated to physical wellness, created with a clear vision: to offer a fresh training experience every single day. The gym is designed to welcome everyone, from those taking their very first steps into fitness to experienced athletes seeking high-level performance.

Cortina Wellness Bucharest

Brands | Basi Systems

20 years of active presence

With over 20 years of active presence in the market and a strong portfolio of successfully completed projects, Real Motion has established itself as a trusted and long-term partner in the fitness and wellness sector. Throughout our journey, we have designed, developed and supported flagship fitness clubs, boutique studios and high-performance training environments, setting new standards in functionality, aesthetics and operational efficiency.

BALANZE PILATES

Location | Agiou Georgiou 24, 15 451, Psychiko, Athens, Greece

Training type | Pilates

Brands | BASI Systems

Balanze Pilates is a boutique studio Pilates in the heart of Neo Psychiko. It offers a holistic and modern exercise approach that combines the traditional Joseph Pilates method with original equipment provided by the American company BASI Systems. In brand-new premises designed according to the essential principles of Zen, that is simplicity, inner peace and harmony, we offer you private or semi-private training in small groups.

Golden Union Corporate Gym

Location | Dionisiou Solomou 32, Likovrisi 141 23

Traning Type | Strength, Cardio, Functional

Brands | Freemotion Fitness, Salter Fitness, Evolve Fitness O'live Fitness

Undertaking the realization of this particularly demanding project required us to fully respect the owners' uncompromising pursuit of perfection and their high design standards. The challenge was to deliver equipment of exceptional functionality, meeting the expectations of highly experienced, dedicated users, while also achieving a refined aesthetic that integrates seamlessly into the space's striking architectural identity.

Ground Zero Training Area

Location | Epidavrou 5β, Glifada 165 61, Greece

Training type | Spin Room

Brands | Stages Cycling

Wide range of sectors

Our experience spans a wide range of sectors, from premium hospitality and wellness resorts to medical, rehabilitation and professional fitness facilities. Each project is approached with strategic insight, technical expertise and a deep understanding of how space, equipment and movement work together to create exceptional training experiences. By combining innovative products, intelligent design and ongoing operational support, Real Motion continues to build environments that inspire movement, enhance performance and stand the test of time.

Private Residence

Traning type | Strength, Pilates, Cardio
Brands | Freemotion Fitness, BASI Systems, Salter Fitness. O'live Fitness

For this private villa in Nafplio, we curated a fully integrated fitness space tailored to personal training and everyday wellness. The gym was equipped with a balanced selection of strength, Pilates, and cardio machines, complemented by functional accessories from Freemotion Fitness, BASI Systems, Salter Fitness, and O'live Fitness.

The result is a discreet yet high-performance training environment that blends seamlessly into the villa's lifestyle, offering versatility, comfort, and professional-level quality for a complete wellness experience at home.

Thera Kinesis Lab

Location | Lamprou Katsoni 33, Larisa, Gr
Training type | Functional, Strength, Cardio

Brands | Freemotion Fitness,
BASI Systems, Salter Fitness,
Stages Indoor Cycling, O'live Fitness

What truly sets Thera Kinesis Lab apart is its team of specialized trainers and coaches, who provide continuous guidance and personalized support throughout every stage of the training journey. The focus is not only on physical improvement, but on building sustainable movement quality, strength, and confidence.

Equipped with premium solutions from Freemotion Fitness, BASI Systems, Salter Fitness, Stages Indoor Cycling, and O'live Fitness, the lab delivers a high-level training environment where technology, functionality, and expertise work in harmony—supporting each client on their path to becoming the best version of themselves.

Design and implementation of outdoor facilities

Beyond indoor fitness spaces, Real Motion brings the same level of precision, innovation and design excellence to outdoor training environments.

We specialize in the creation of bespoke outdoor fitness facilities, seamlessly integrated into their natural and architectural surroundings. Each project is carefully engineered to withstand demanding conditions while delivering a refined, high-performance training experience.

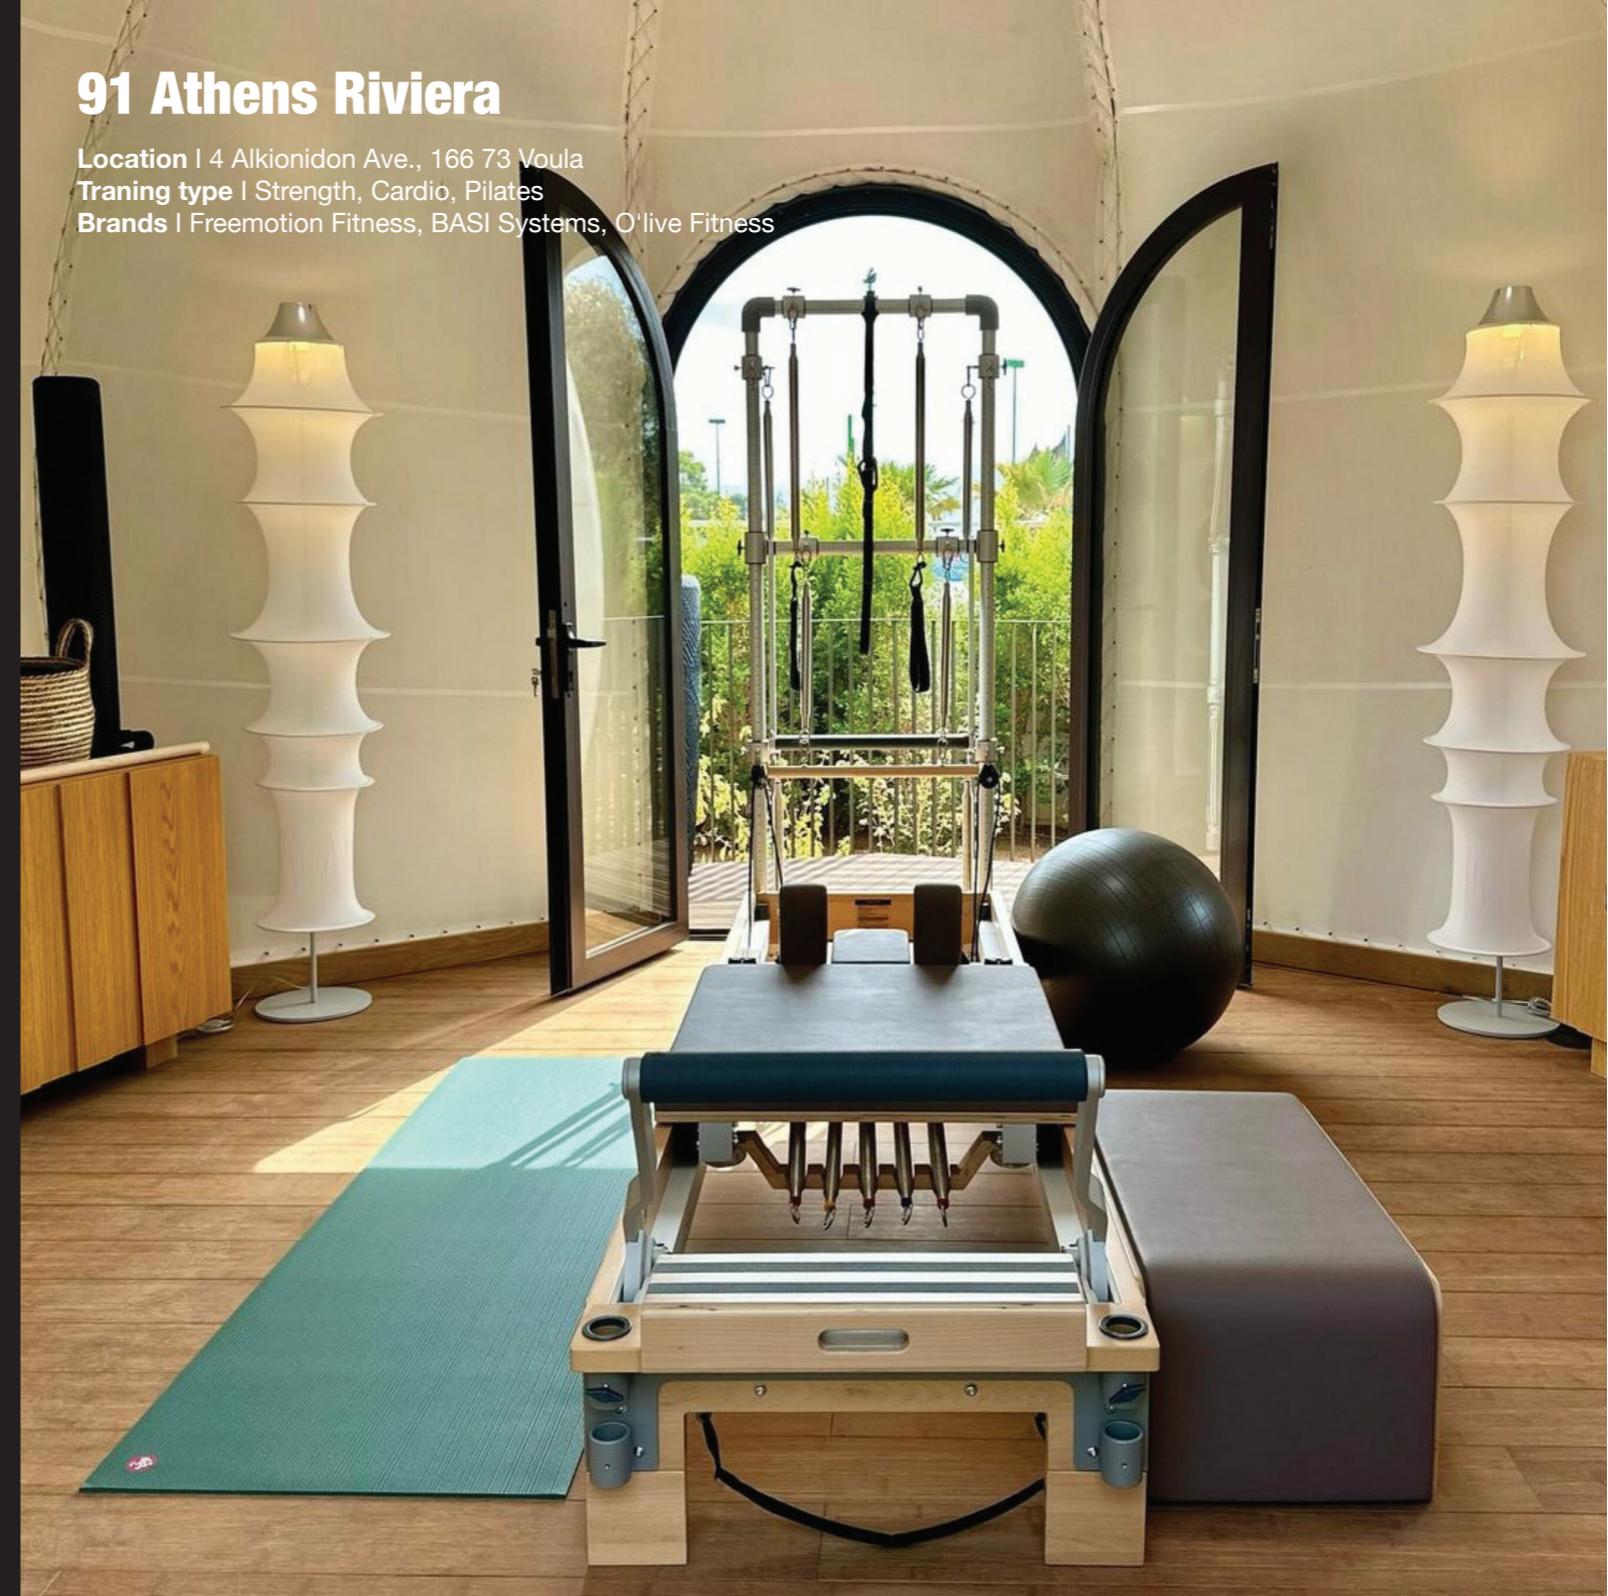

Our outdoor solutions incorporate custom-designed installations, galvanized-treated steel structures, aluminum-frame equipment, and advanced weather-resistant, marine-grade materials. Every element is selected to ensure exceptional durability, maximum safety and long-term performance, even in coastal and high-exposure environments.

Locations: G. Sisisni 39, 115 28, Athens
Archelaou 8Athina 116 35, Greece

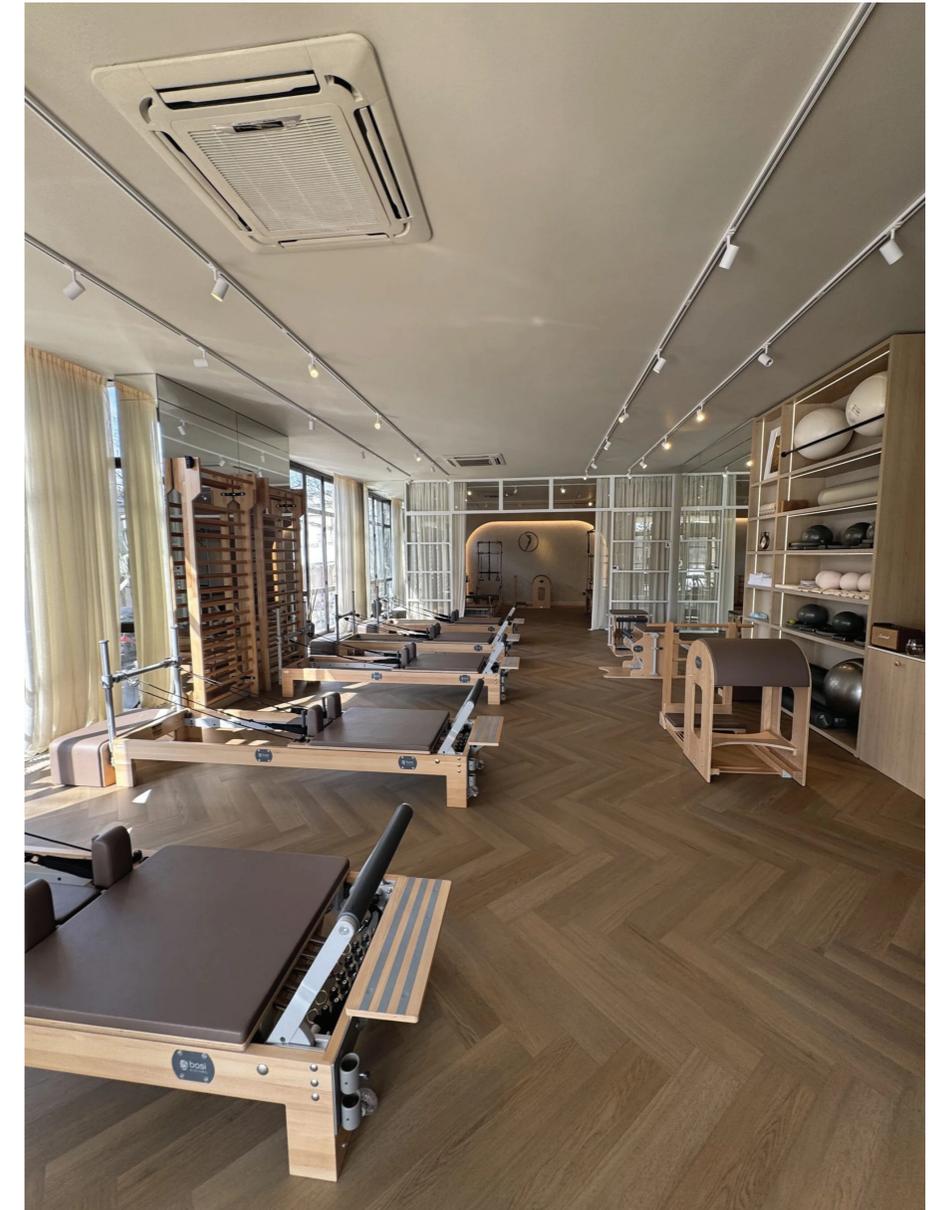

Traning type | Pilates,
Brands | BASI Systems

3 CIRCLES PILATES is a premium Pilates studio created with the vision of offering high quality Pilates education and training that positively influences everyday life by transforming both body and mind, in line with the philosophy of the method's founder, Joseph Pilates.

The studio is dedicated to delivering a refined and professional Pilates experience based on the BASI Pilates method, internationally recognized for its high standards in teacher education and certification. Through knowledge, experience and specialized training, the instructors at 3 CIRCLES PILATES provide classes tailored to the individual needs of each client.

The studio has been equipped with premium Pilates equipment from BASI Systems, supplied and installed by Real Motion. Through this collaboration, Real Motion ensured that the space is supported by world class equipment that complements the high standards of the BASI method, creating an environment that combines performance, precision and design.

Studio TEI 29, Bucharest

Location | Bulevardul Lacul Tei 29, 020372 București, Romania

Traning Typel Pilates

Brands | Basi Systems

Studio Tei 29, located in Bucharest, is now fully equipped with BASI Systems, setting a new standard for boutique fitness and movement excellence in the region. Studio Tei 29 reflects the evolution of Pilates into a refined, high-performance experience. The space has been carefully designed to combine aesthetic clarity with functional precision, creating an environment that supports both instructors and clients at every level. Studio Tei 29 is more than just a new opening, it represents a strategic investment in quality infrastructure. In today's competitive fitness landscape, studios that prioritize high-level equipment and thoughtful design are the ones that stand out and grow sustainably.

We care about your equipment

Gym Care, sister company of Real Motion, was founded with a clear vision: to deliver high-level installation, repair, and maintenance services for fitness equipment. Their expertise goes far beyond basic setup, each installation strictly follows manufacturer specifications, ensuring safe, seamless, and long-term performance. From meticulous functionality testing and scheduled re-checks 10–15 days after installation, to detailed equipment service history tracking and full guidance on operation and warranty terms, Gym Care focuses on the details that truly make the difference. Their professional approach allows clients to protect their investment and enjoy their fitness equipment with complete confidence and peace of mind.

'NOOS' SHAPES YOUR MOVES

Noos was created with a clear and thoughtful purpose: to express the harmony between mind and body that emerges through Pilates and mindful movement. Each piece is designed not only to perform during practice, but to accompany you effortlessly throughout the day staying true to the principles of slow fashion, conscious production and timeless design.

Our vision is rooted in accessible luxury. Noos speaks to those who recognize quality in the details: carefully selected fabrics, refined construction, precise stitching and distinctive silhouettes that stand the test of time.

Performance and ease coexist naturally. Our garments support movement when you train, and transition seamlessly into moments before and after relaxed, elegant and versatile.

Design, fabric and color are in constant dialogue, driven by curiosity and exploration. We observe contemporary trends, interpret them thoughtfully and integrate them with intention, creating collections that feel current yet enduring.
